BOGGS WANTS TO MEET BOOSTERS HERE

Meeting To Be Called For Next Week To Discuss McKee Road In All Details

As a result of a letter he has received from State Highway Engineer Joe S. Boggs, County Judge John D. Goodloe is preparing to call a meeting, probably for some time next week, here at Richmond, at which the McKee highway in all its phases will be thoroughly discussed. Mr. Boggs desires to come to Richmond and meet the good roads boosters who are so much interested in this road, and "get down to brass tacks" with them. The letters that Mr. Boggs has written to Judge Goodloe and Jackson county officials about the road follow:

May 9, 1922.
Judge John D. Goodloe,
Judge Madison County,
Richmond, Ky.

Dear Sir:

I am herewith enclosing you copy of a letter that I have just written the County Judge of Jackson county and a copy that I have written to W. R. Reynolds county agent, at Tyner, Ky.

At the conference on yesterday with your delegation and the State Highway Commission, it was voted to accept Jackson county's bond issue of \$125,000 on the State project No. 30, from the foot of Big Hill to McKee provided Madison county would by some means, furnish half the cost of building the road up Big Hill or along the Scaffold Cane ridge to meet with Jackson county at the Jackson county line—that is, the Commission in accepting the proposition accepts it in its entirety and not from each county individually.

Before this matter is fully concluded, so that each county may understand just what it has to do, I believe it would be best to have a joint meeting of all interested parties either at Richmond or Berea so that I can be present and go over the entire matter in detail. Prior to such a meeting, however, I would like to settle definitely just which route it is best to take in Madison county, up Big Hill or along the Scaffold Cane ridge. Please advise me when such a meeting would be agreeable to all parties concerned so that, if possible, I can arrange to be present.

With kindest regards, yours very truly,
JOE S. BOGGS,
State Highway Engineer.

To Jackson County Agent
May 9, 1922.

W. R. Reynolds,
Tyner, Ky.

Dear Sir:

PROSECUTE WAR FRAUD CASES

(By Associated Press)
Washington, May 13—The amount the government will recover from alleged war fraud cases "will be many times the amount granted to defray the expenses incident to prosecution," the House appropriations committee declared today in reporting a bill carrying \$500,000 for use of the Department of Justice as a special investigating prosecuting fund. Attorney General Daugherty told the committee as revealed by hearings made public today there are about two hundred and seventy five such cases ranging from several thousand to several million dollars pending and that the total aggregated \$192,000,000.

Urging speedy passage of the bill, the committee declared that those who had defrauded the government should be prosecuted to the limit with all the vigor the government could command.

Clark county farmers raised 684,000 bushels of corn and 84,802 bushels of wheat in 1921.

EVERY VOTER IN STATE TO REGISTER

New Law Designed To Eliminate Fraud Requires Registration of Voters In July

On July 10 and 11 every qualified voter in the state of Kentucky, male and female, will be required to register if they expect to vote in the regular election in November next. There will be another day for the registration of such persons as were unable for one reason or another, to perform this duty on the regular days set apart for that purpose. This registration will suffice for all time for those registering and it will not be necessary again to register so long as the qualified voter remains in that precinct.

Registration of qualified voters applies to those of the city and county precincts. Without registration it will be impossible to take part in the election in November or any primaries preceding or following. Three days are fixed for the registration this year, the third being set for 60 days just preceding the November election. In years following there will be one registration, on the second Monday in July of each year. This is for those who may have reached their majority or who may have moved from one precinct to another, or into the state and become qualified voters.

It is estimated by the county officials that the registration will cost the county \$3,500 the first year and about half that amount each succeeding year. It is believed by politicians that it will obviate much irregularity in voting and that dishonest elections will be a thing of the past. The law was passed at the last session of the legislature.

Officers for the registration shall be appointed in June by the election commissioners and shall be the same as heretofore, judge from each of the two dominant parties, a sheriff from one and a clerk from the other. Qualified citizens must be named by the committee of each party on June 15 in writing and certified to the election commissioner for the purpose of choosing the officers.

Little change is made in the law, except the permanency of the registration. Citizens who have lived in the state one year, the county six months and the district sixty days are eligible to vote and of course for registration. A record of the vote of every citizen shall be kept by the polling officers, a place being set aside on the permanent registration book to indicate each time a voter exercises his franchise.

FOUR KILLED IN CHICAGO TODAY

(By Associated Press)
Chicago, May 13—Vito Giorgio and James Cascio, both of New Orleans, La., were shot to death in an Italian barber shop here today by two unknown assassins who entered the shop and began firing with shotguns, with no warning.

Police are acting on chief of police Fitzmaurice's orders to "shoot to kill." Two policemen today killed two bandits, wounded a third and accidentally wounded a bystander.

This makes four dead for the day.

Growers To Market Strawberries In Henderson

(By Associated Press)
Henderson, Ky. May 13—Growers in Henderson county will market approximately 2,000 crates of strawberries this year from acres, County Agent D. W. Martin says. Organization of a strawberry market association and the election of directors for it, marks a new development in the industry in the county, he added.

School Board's Explanation To The People

The Board of Education for the City of Richmond desires to make the following statement as to its management of the business of the public schools during the last year. It wants to say at the outset that it is not only willing, but anxious for the public to have possession of all the facts. The Board not only courts the fullest investigation but it especially desires that the people be correctly informed and that they have a full and clear understanding of their business as it relates to their schools. The Board cannot help but feel that the numerous rumors have misled the public, that facts have been distorted and that it misunderstands. This statement is made to bring about mutual understanding which is the only basis for mutual confidence and esteem.

Much has been said about the promise made by the Board during the bond campaign not to raise the tax more than 20 per cent, which additional it was anticipated would take care of the sinking fund and the interest on bonds. The Board sincerely regrets that it cannot keep that promise to the letter. It was made in good faith and every member who signed it thought it could be redeemed. But the Board finds itself face to face with a condition and not a theory. The \$80,000 in bonds and the \$28,000 in insurance will be exhausted in the actual construction of the new building. The Board is also under promise to the colored people to make an addition of two rooms to their building. For the Board not to raise the tax above 20 per cent would mean that it would not have a single dollar with which to buy a minimum of essential equipment for the new building and that it could not redeem its promise to the colored people. Consequently, it faces a dilemma. It can carry out literally its promise to the taxpayers and break faith with the children. It can keep faith with the children and fail to redeem the literal interpretation of its promise. After long and careful consideration and after consultation with many of the city's leading citizens and heavy taxpayers it has decided that its big duty is to the children. The children are the big issue involved in the whole question. They have already suffered for more than a year by reason of the unsuitable and uncomfortable places in which they have been housed. They have had no desks, no blackboards, no maps, no instruction material of any kind. The Board has come to the conclusion that if education is worth anything at all, it would be poor and uneconomical management of the people's business to allow the children to enter the new building without such equipment as would give a reasonable degree of efficiency to the process of education.

The Board has one thing further to say in regard to its promise. It is true that a strict interpretation of its pledge would hold it to a 20 per cent increase. Yet, at the time this pledge was made there was propaganda being circulated that the actual construction of the building would cost much more than the available funds and that the tax would be raised to complete the construction work. What the Board really had in mind in the pledge was that it would not raise the tax to secure funds to complete the actual construction. It admits, however, that unfortunately the wording of the pledge does not make this point clear.

The following table will show that the Board has kept within its funds on the building proper:

Expenditures	Assets
Contract for building \$99,450.00	Bond Issue \$80,000.00
Heating 7,200.00	Insurance 28,000.00
Architect 5,000.00	Lot 5,000.00
Extras 5,000.00	Interest 3,000.00
Total \$116,650.00	Total \$116,000.00

The above figures show that the Board is within \$650.00 of its funds on the building. No individual, let alone a body of men constructing a building as large as the one under construction, ever undertook the erecting of a building without it costing more than he contemplated. The Board was led to believe that it would run into solid stone and that no concrete footings would be necessary. However, this hope did not come true and the additional cost for footings will be approximately \$3,000.00. The Board was led to believe that it would not only have enough common brick for the new building but enough for the colored building also. It now finds that it must buy 100,000 common brick. The location of the building was changed after the contract was let, and this involved an extra cost for demolishing an additional part of the old building and for added excavation. Other small extras have been found necessary which bring the sum total for extras to \$5,000.00. The Board had hoped that this amount would take care of the colored school needs.

The Board met last Wednesday evening in conference with the finance committee of the City Council. It was decided that the budget for the coming year can be reduced approximately \$3,000.00. The original amount of the budget after deducting the state tax and tuition was \$62,275.00. Subtracting \$3,000 in proposed reductions and \$3,000 for possible franchise tax, the amount left to be raised by city taxation is \$56,275.00. On a \$4,000,000 property valuation it would take a levy of \$1.40 to raise the amount needed. The Board at its meeting on Thursday afternoon, May 11th, passed a resolution to fix the rate for the coming year at \$1.35 and anticipate a deficit of \$2,275.00.

It must be remembered that in all the discussion of this tax question the fact has never been mentioned once that Richmond has had a fire.

Very respectfully submitted,

JOHN NOLAND, Chairman.

DERBY VISITORS CROWD LOUISVILLE

(By Associated Press)

Louisville, Ky., May 13—Derby day dawned bright and clear with the city jammed with visitors to see the race about five o'clock this afternoon. There was no change overnight in the entries of which Morvich is the favorite for the classic which carries \$50,000 in added money. The gross value of the purse to the winner will be approximately \$47,000.

Before noon the stands were seemingly filled at Churchill Downs, the club house became jammed and still the crowds streamed through the gates. Betting was sharp from the moment the morning book on the Derby opened. The bets on Morvich kept the machines working at top speed, dealing out tickets.

GRADED SCHOOL BOARDS REORGANIZE

(By Associated Press)

Frankfort, Ky., May 13—Graded school boards throughout the state today will meet to reorganize. Elections were held in all districts last Saturday.

A letter outlining the proceedings of the first meeting of the boards after the election has been sent to the secretaries of the graded school boards over the state by George Colvin, state superintendent of public instruction. He says:

"All graded schools operating under the general graded school laws should have held their regular election on the first Saturday of this month, and failure to do so will result in vacancies in the board. I trust you held your election as provided for by law. The members then elected and hold-over members should meet at the school house on the second Saturday and reorganize the board. The secretary for the past year should call the meeting to order and preside while the new chairman is being elected for the ensuing year. Then the new chairman presides while a secretary is elected for the ensuing year. The secretary may be a member of the board provided he serves without pay; but no member of the board can serve for pay as its secretary, or as its treasurer, or in its employ in any capacity."

FEUD BREAKS OUT IN CLAY CO. AGAIN

London, Ky., May 13—News was received here Friday from Clay county of another outbreak in the Benge-Martin-Philpot feud near Portersburg a few nights ago.

A party of armed men, said to be members of the Benge faction, went to the home of Dan Martin, one of the Martin-Philpot leaders, and fired several volleys of shots into the house, reports say. One of Martin's children was shot through the hand and another child was slightly wounded. Many bullets passed through the walls of the house or lodged in the furniture.

Martin is said to have recognized several of the attacking party as old enemies whom the officers failed to get in the recent cleanup in Clay county when all but a few of the feudists on both sides were called in to circuit court at Manchester by Judge Johnson and placed in jail or under heavy peace bonds. This is the only trouble that has occurred in the feud region since the leaders shook hands in Judge Johnson's court and pledged to lay down their arms and turn over their moonshine stills to the officers.

Search is now being made in Clay and adjoining counties for the men charged with shooting into Martin's home.

TELLS ROTARIANS ALL SHOULD LIVE TO 100

There are 3,500 people in the United States over 100 years of age, according to Dr. Royal S. Copeland, Health Commissioner of the city of New York. In his address at the Rotary Club Dr. Copeland said there was no reason why every man and woman in the country should not live to be 100.

"The chief offenders in wrong living are you business and professional men," Dr. Copeland shot at the Rotarians. "During Physical Culture Week, which is here, make up your mind to do your duty towards yourself by daily exercises. Many business men work hard at their desks all week long and then take a week end and play 8 or 10 sets of tennis on Saturday and Sunday and wonder why they feel poorly the next week. Daily exercise is the panacea for what ails you. Make it an every day affair. Take this advice, even though I don't set a good example myself."

"I weigh more than I should. Multiply the number of inches you stand over 5 feet by 6 and add 110 pounds and you will get what your correct weight should be. A man 50 years of age who is 50 pounds overweight has lessened his length of life 50 per cent. This has been proven by statistics of life insurance companies after studying a half million policy holders' span of life. During Physical Culture Week learn to live right by proper exercise and not eating too much."

SPECIAL COMMITTEE REPORTS TO MAYOR

In School Tax Matter—Meeting Called For Monday Night At 7 O'clock

A special meeting of the citizens and taxpayers will be held Monday night at 7 o'clock at the court house in which the increased school tax rate will be discussed.

The following card from Mayor O'Neil and the report of the special citizens' committee regarding the proposed increase, appear below.

To the Taxpayers of Richmond:

At the regular meeting of the City Council held Thursday, May 4, the Board of Education presented as required by law, their annual budget and tax levy for the school year 1922-23, and as it showed such an enormous increase over the levy for the past years, which was as follows: 1917 50c; 1918 50c; 1919, 50c; 1920 75c and 1921 75c, on the \$100 of the total assessed valuation for taxation purposes and they have now ordered the Board of Council to levy a tax of \$1.35 on the \$100 of property for the school year 1922 and 1923. I appointed the Finance Committee of the City Council and a committee representing the taxpayers at large, composed of T. K. Hamilton, Waller Bennett, J. W. Croke and J. Hale Dean, to meet with the Board of Education and carefully go over the budget as presented to see if by some ways or means some of the items could not be reduced thereby reducing the rate of taxes for school purposes and said citizens' committee having rendered their report, which is published below, and the Board of Education after careful consideration of the recommendations offered by the Finance Committee and Citizens Committee, have advised me that the tax rate of \$1.35 as requested shall remain.

At the request of a number of citizens and taxpayers of the city of Richmond a meeting will be held at the court house Monday, May 15th, at 7 o'clock p. m., for the purpose of ascertaining what steps, if any, the taxpayers wish to take in the matter.

WM. O'NEIL, Mayor.

To the Mayor of Richmond:

Pursuant to your request that the undersigned constitute a committee from the people at large to meet with the Finance Committee of the city council in a conference with the Board of Education and go over with them their proposed budget for the year 1922-23 with the object of trying to bring about a reduction so that an excessive burden of taxes may not be placed against the citizens of Richmond, we accordingly held this meeting in the office of the Chairman of the Board of Education Wednesday evening, May 10th.

A very thorough discussion of the whole matter was held, each item on the budget being taken up and considered separately. The Board of Education has by law, it appeared, sovereign power to incur any liability that does not exceed an amount of \$150 per \$100 of the total assessed valuation for taxation purposes of all property in Richmond, and as their budget does not exceed this amount, the assessed valuation being approximately \$4,200,000, they apparently are within their legal right to demand the city council levy the rate they ask for.

A close examination of the budget showed a reduction of some \$3,400 could well be made in the operating expenses, and if the item of furnishing, which they put at \$12,000—the merit of which we are not in position to pass on—is paid for in three yearly installments, as can no doubt be done, this would make a further reduction in the current budget of some \$8,000 a total of \$11,400, bringing their total budget down to \$50,800, thus permitting a levy of \$1.25 instead of the \$1.35 as requested.

In the matter of letting the contract for the new building, as per the plans they adopted, the Board expended all of their available funds on this without taking into consideration, apparently, the items of furnishing the building or the improvements in the colored school, although the negroes were promised their improvement. Slumber Song Caroled Nightly by Mother Over Long Distance Tele- phone Delights Infant

A small New York boy aged one is said to enjoy the most expensive and exclusive "song at twilight" ceremony of any baby in the world.

The sleepy-time melody is sung by the youngster's mother, one of the highest-salaried of all vaudeville stars and it comes over long distance telephone every day no matter how many the miles between the singer and her unique audience.

Actress An Old Fashioned Mother

Belle Baker, who has devised this method of reminding Herbert John, her only child, of his mother when she is absent from him, is known in theatrical circles as one of those parents who when croup is pitted against a career, lets the career go sang until the croup is conquered.

But recently, for the first time since the birth of her son, her career compelled her to leave the city for a tour through the south and middle west and even along the distant coast.

Was Herbert John, who has now reached the age of discrimination, so be cheated of the lullaby over which he had been nightly cooing and gurgling? Not while he has ingenious Belle Baker for a mother.

"I'll sing that blessed 'Ten Little Fingers and Ten Little Toes' for him every night, no matter how far

away I am," she calmly told his nurse.

When Distance Means Nothing So she does and so she has and no matter if she's in Kalamazoo, Chicago or San Francisco, just when Herbert John is getting ready for bed, the telephone rings, the receiver is held to the small boy's ear and he hears these familiar jazz lullaby strains sung by a beloved voice:

"I've got ten little fingers, and

ten little toes, Wait—wait—down in

"And I'm telling you the truth,"

his nurse says proudly, "He kicks and gurgles and tries to sing with her!"

"No'n, Miss Belle won't sing over the radio. She says everybody could listen in and that would be just what she does all day, singing for crowds. This is just for her baby, she says, and he's the only one that's going to hear his favorite song. She's got it down, too, so that it just fits into four minutes."

"And then do you know, that baby closes his eyes and goes right to sleep? Yes, ma'am, he just waits for that song and his maw every night and after he hears it he knows it's his bedtime."

TALLY AND HORNSEY TIE FOR HOME RUNS

(By Associated Press)

Chicago, May 13.—Lawton Witt, the former Philadelphia outfielder, who is batting down one of the garden positions for the New York Yankees, is at the top of the list of batters in the American League, according to figures released today which include games of Wednesday. The averages are of players who have participated in 15 or more games.

The pitching the past week has been to Witt's liking and he posted his average from .305 to .410. Catcher Severoid, for the Browns, brought his mark of .199 to .404 for the runner up honors. George Sisler, another member of the Browns, who topped the hitters a week ago, is in third place with a mark of .322, while Steve O'Neil star catcher of the Cleveland Indians, is at .310.

Sisler, however, continues to be the best run getter with 27 tallies and is setting the pace for the base stealers with an even dozen. His teammate Ken-eth Williams, on his heels with ten thefts. Williams failed to add to his home run mark of a week ago, his total currently smashes remaining at ten, while Babe Ruth, king of home run slammers, scheduled for reinstatement next Saturday.

Other leading batters for 15 or more games: Clark, Detroit, .393; Jameson, Cleveland, .379; Ed Miller, Philadelphia, .373; Pratt, Boston, .353; Gardner, Cleveland, .361; Williams, St. Louis, .348; Scott, New York, .348.

George Toporcer, of the St. Louis Cardinals, has struck a batting stride which promises to make the batters of the National League hustle to keep pace with him. He cracked out nine hits in his last five games including last Wednesday's contest, and posted his average from .369 to .439. Rabbit Maranville, of the Pirates, lost a point, but with an average of .415 is the runner up while George Kelly, the slugging Giant first baseman, who topped the list a week ago, lost 40 points and is resting in third place with an even .400. Rogers Hornsby, the St. Louis star, has tied the slugging Kelly for honors in home run hitting, the latter failing to add to his mark, while Hornsby brought his total to five. Half a dozen players are in the race for base stealing honors. Maranville, who was showing the way a week ago with five thefts, failed to swell his total, while Rawlings and Young, of New York, Myers, of Brooklyn, Carey of Pittsburgh, and Stutz, of Chicago, caught up with the Rabbit.

Other leading batters for 15 or more games: O'Farrell, Chicago, .395; T. Griffith, Brooklyn, .392; Hornsby, St. Louis, .390; Bigbee, Pittsburgh, .376; Powell, Boston, .373; Walker, Philadelphia, .361; Meusel, New York, .358. Becker, of Kansas City, is giving "King" Lear, Milwaukee second baseman, a race for the batting leadership of the American Association, with Lear topping the list with a fat average of .451; Becker in six games slammed out nine hits, boosting his position in the race from seventh to second place. The averages include games of Wednesday. Bunny Brief of Kansas Ci-

"UNDER COVER" PLEASES BIG CROWD

Little Theatre Club of Eastern Normal, Put On Splendid Benefit For P. A. C.

The Little Theatre Club of the Eastern Normal under the direction of Miss Rueie Miller, were most successful in their second presentation of the play "Under Cover" at the opera house Friday evening. The play was given for the benefit of the P. A. C. Clay and was a brilliant success. The young artists deserve much praise.

The story of the play involves the smuggling of jewels into the United States by Stephen Denby, the lover of Ethel Cartwright, week end guest of Michael Harrington. Miss Cartwright in order to protect her sister's guilt for burglary, has been forced into secret service work that she might ascertain the smuggler. Miss Dolly Pickles, who played the part of Miss Cartwright, a young society girl, and Daily Danaway, as Daniel Taylor, the detective, carried the burden of the tense story that was almost professional. The part of Stephen Denby was superbly handled by Ray Foster. Sallie Gentry, as Mrs. Harrington, though having few lines, was exceptionally good and showed great dramatic talent. Leslie Evans, as Michael Harrington, and Cowan Taylor, as Monte Vaughn could not have been better. Other noteworthy characters in the play were Amy Cartwright by Mary Elizabeth Denby, who has the making of a capable player; William Gratch and Dorland Coates, as Dun- and Tibbs, respectively. Shel Carr as Peter, the doorkeeper, Anne Wallace as Nora Ral- lace and Carolyn Rice as Sarah Pickles, added a bit of spice to the performance.

The music by Elder's Orches- tra was a big feature of the en- tertainment for which the board is sincerely grateful. Also the donation of the furniture by Muncy Bros. and the programs by Pishin's Fashion Shop, all of which helped to make the occa- sion greatly enjoyed by a splen- did audience.

Under the Rash-Gallion prohi- bition act passed by the 1922 General Assembly, justices of the peace and county judges may try violators of the prohibition act and enforce the penalties there- as the circuit courts.

FOR THE 'TEENS

It is not difficult to solve the prob- lem of dress for little girls in these days of specializing. Resourceful designers devote their time to putting materials into styles that are appropriate for the little miss and pleasing to her as well. They craftily take their cues from the "grown-up" modes, modifying them to suit the younger generation, as in the case of the pretty cape-wrap shown here.

This wrap for girls in their "teens" is a cape to which sleeves have been gracefully added. It is made of light weight velours and has a full ripple back with a decoration of stitching in two rows around it. It has a large collar which is ingeniously arranged to draw up around the neck by means of a heavy silk cord that is threaded through large eyelets worked in silk like that of the stitching. The cord and eyelets are very decorative.

ty, "Reb" Russell, of Minneapo- lis, and Krueger, of Indianapolis, are in a triple tie for home run hitting honors, with seven each. Murphy, of Columbus, Mathews, of Milwaukee, and Baird, of Indianapolis, are tied in base steal- ing, each having five thefts.

ments would be taken care of out of the bond issue if they would vote for them therefore these two items are added to the bud- get for the current year, thus forcing the Board of Education to repudiate their signed pledge of June 15, 1921, to the citizens of Richmond that if the bonds were voted the tax rate would not be increased to exceed 20 per cent of the then rate of 75c or a total of 90 cents on the \$100. We presume this repudiation of a pledge is a very humiliating thing to the Board, as it certainly would be to us, such things tend- ing to destroy confidence.

It is our opinion that this bur- densome load which is now to be placed on the taxpayers of Rich- mond could in a large measure have been avoided if the Board of Education had contracted for building not to exceed the amount of the bonds voted for that purpose and used the \$28,000 of insurance from the Caldwell building for the furnishing and incidentals, it is more than prob- able the 90 cent levy as prom- ised could have been adhered to, and provision for that would have been made.

To sum up, the Board of Edu- cation has gotten itself into a hole and we presume the people of Richmond will have to pay r- out, under the existing law.

Respectfully submitted,
WALLER BENNETT,
JOHN W. CROOKE,

First Locomotive Built in Lex.

The first locomotive in the world was built at Lexington, Ky., in the winter of 1826-27 by Thomas H. Barlow. The first rail road in the west and the second in the United States was that from Frankfort to Lexington. The road was started October 21, 1831, and the 28 miles finished in 1835. Part of the original rail made of stone with a metal strip attached, is now on the campus of the University of Kentucky at Lexington.

The 1-cent gallon gasoline tax netted \$411,938.95 in state reven- ues during the year ending June 30, 1921.

CHANGE OF LIFE WOMAN'S TRIAL

Proof That Lydia E. Pinkham's
Vegetable Compound is of Great
Help at This Period

Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."—Mrs. Emma Conover, 705 E. 7th St., Metropolis, Illinois.

Depend upon Lydia E. Pinkham's Vegetable Compound. Nervousness, irritability, heat flashes, headache and dizziness, are relieved by this splendid medicine.

Miss Nettie Kate Evans After a delightful social hour the club adjourned to hold its next meeting with Miss Bettie French.

Mrs. Mays Entertains

One of the loveliest social functions of the week was the luncheon bridge at which Mrs. W. O. Mays was host at her home on West Main. This home lends itself to such an occasion and was gorgeous in its decorative attire of peonies and red roses. There were ten tables for the players and a most tempting luncheon of three courses was served the guests. Mrs. Mays was assisted in entertaining by her sister, Mrs. Dunn, and daughter, Francis. Miss Nettie Kate Evans made the top score at bridge and was presented a beautiful silver bird vase. The guests included Mesdames E. T. Burnam, B. L. Middleton, Joe Head, B. J. Clay, Lewis Neal, Hale Dean, Shelton Sauley, H. B. Cosby, Marjorie Dunn, Warren Zaring, Douglas Parrish, Joel Park, W. P. Millard, A. R. Denny, R. R. Burnam, Jr., F. H. Gordon, B. H. Luxon, G. G. Perry, Julian Tyng, T. C. McCown, Misses Mollie Pife, Mary Louise Deatherage, Helen Bennett, Nancy Haden, Nettie Kate Evans and Miss Ada Hendryx, of Nebraska. Mesdames G. W. Pickels, James Burnam, James Neal, J. M. Haden, Henry White, Vernon Leer and Robert Dunn.

Beautiful Dinner Euchre

Mr. and Mrs. D. Bates Shackelford and Mr. and Mrs. T. E. Baldwin, Jr. entertained a number of friends at the beautiful colonial home on the corner of Lancaster avenue Thursday evening with a dinner euchre. The two large double drawing rooms were most exquisitely decorated with huge bunches of American Beauty roses gracefully intertwined with ivy and the large

hall was likewise decorated, the roses being placed above the doors and extending down on each side, and many baskets of the same roses were placed throughout the house, presenting a most artistic picture which was enhanced by the soft glow from the shaded lights.

The guests on arrival were received by Mr. and Mrs. Shackelford and Mr. and Mrs. T. E. Baldwin, Jr. Mrs. Shackelford looking queenly in an imported Sequin gown, and Mrs. Baldwin likewise wearing an imported Sequin gown in steel and black. Shortly after the guests assembled they were seated at small tables throughout the spacious rooms and a most delicious three course dinner was served, consisting of fruit cocktail, old ham, cream de volles, stuffed tomato, peas in timbals, hot rolls, coffee, cream and berries, marshmallow cake and mints, at the conclusion of which the tables were cleared and a most enjoyable and spirited game of six-hand euchre was indulged in for several hours. Mrs. Henry White received the first prize, a book, "If Winter Comes" and R. W. Cox received the first gentleman's prize, the same book. Mrs. W. H. Shanks, of Stanford, assisted in entertaining and was beautifully gowned in pink embroidered chiffon. Many exquisite costumes were worn by the ladies present, which, together with the artistic background of graceful decorations, was a most entrancing vision.

Out-of-town guests were Mr. and Mrs. Miller Ward, of Paris, Mr. and Mrs. Quincy Ward, of Cynthia and Mr. and Mrs. W. H. Shanks, of Stanford. Others included in the invitation were Mrs. Cassius Clay, John Clay, and Mr. and Mrs. James Thompson, of Paris; Mr. and Mrs. Gatewood Gay, of Winchester; Mrs. Keats Speed, of New York; Mr. and Mrs. Newton Combs, of Lexington; Mr. and Mrs. Julian VanWinkel, and Mr. and Mrs.

Geoffrey Morgan, of Louisville; Mr. and Mrs. B. J. Clay, Mr. and Mrs. George W. Phelps, Mr. and Mrs. J. J. and L. N. Neale, Mr. and Mrs. T. S. letter I have just written your County Judge, and would suggest that you transmit same to him, this being the original copy. I am also forwarding copy of this letter to the County Judge of Madison county.

I would suggest that at an early date you and others of Jackson county have a joint meeting with the Fiscal Court of Madison county, the Richmond Chamber of Commerce, and representatives from Berea, at which meeting I will endeavor, if possible, to be there. I would like, however prior to such a meeting to have one of our engineers make a decision as to whether the Big Hill route or that along Scaffold Cane ridge will be adopted. Yours very truly,

JOE S. BOGGS,
State Highway Engineer.

To County Judge of Jackson Judge C. P. Moore,

McKee, Ky.

Dear Sir:— This will advise you that the State Highway Commission on yesterday tentatively accepted the proposition that has been submitted to them by your county for the construction of State Project No. 50 from the foot of Big Hill in Madison county to McKee.

It was represented to the Commission by your delegation that Jackson county would contribute its bond issue of \$125,000 toward the cost of construction of grade and drainage from McKee to the Madison county line at the top of the hill. Those representing Madison county promised the Commission that they would pay half the cost of this project in Madison county. The Commission, therefore, accepts the proposition that has been laid down by the representatives of both counties, with the distinct understanding that the project in its entirety must go through and that Jackson county must pledge its entire bond issue to the uses above mentioned and that Madison county must guarantee the payment of half the cost. I would suggest that your county work in co-operation with the Fiscal Court of Madison county, the Richmond Chamber of Commerce and Berea, so that the requirements of the Commission can be met in the near future.

It will be necessary that the Jackson Fiscal Court bind and obligate itself to the sale of this bond issue and the payment of its

proceeds to the state, and that Madison county guarantee its half cost either by court resolution or, if the money is raised by popular subscription, by bank certification that same is on deposit.

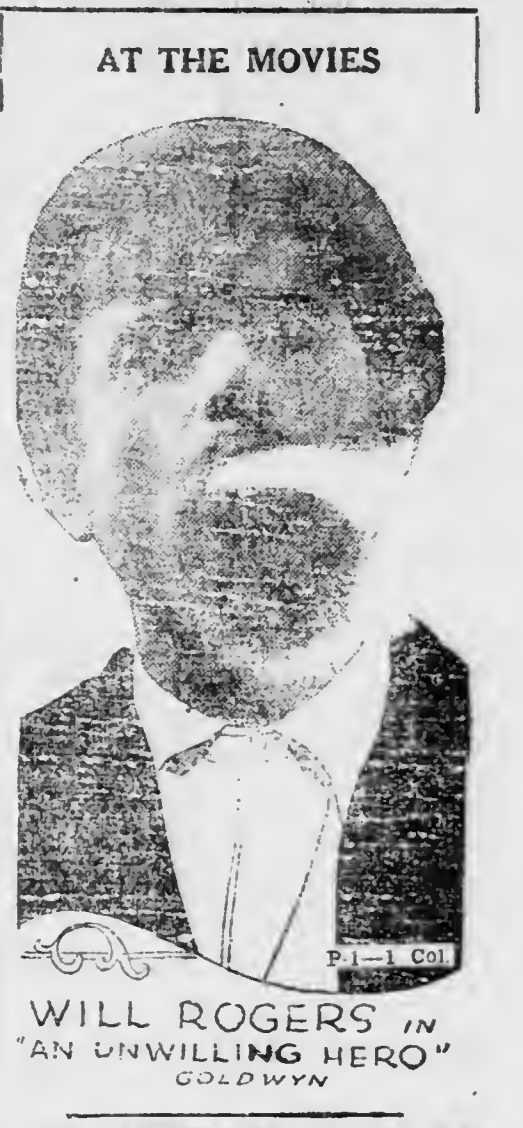

There are two prospective routes from the top of the hill to the Madison county line and at a very early date I expect to send an engineer for the purpose of making a definite decision as to which route will be adopted by the state. Yours very truly,

LEXINGTON ROAD TO BE CLOSED

Editor Daily Register.—

For the information and benefit of our citizens and the public generally, I wish you would insert this letter in the Daily Register in an early issue, regarding the closing of a portion of the Lexington and Lexington road, under construction, a portion of which will probably be closed to all through travel in the next ten days. Announcement of the actual date of closing will be made in the Daily Register two or three days before it is closed.

The regulations governing the closing have been worked out by the resident engineer, Mr. McCormick, Mr. Boggs, the contractor and myself, and it has been and is the purpose of each party concerned to facilitate the construction of the road, protect the rights and safety of the public, comply with the law and the usual procedure in such cases, and inconvenience the traveling public as little as possible under the circumstances.

The first portion to be closed, will be from the city limits at the overhead bridge to the Jack's Creek bridge near W. Q. Park's residence. Through traffic from Richmond to points north should detour via Red House, Booneville, Bates Creek, and Valley View or Red House, Lost Fork and loved end of Lexington to Clay's Ferry.

Traffic from Jack's Creek south should detour via Goggins Lane and Bates Creek, and Lexington to Richmond.

Traffic from north of the closed portion of the Lexington should detour via Booneville, Lost Fork and Red House, or Jack's Creek, Goggins Lane and Bates Creek, and Lexington to Richmond.

Signs giving this information will be posted at appropriate places.

Persons living within the enclosed portion of the road will be provided with a temporary road, with the right of way and along side of the construction as will also be the carrier of the U. S. mail. Barriers and a gate will be erected at each end of the closed portion of the road.

The co-operation of all our people accepted in any way is solicited in this matter, and it is confidently hoped and expected that they will assist by complying with the foregoing regulations which are necessary in order to expedite the construction of the road.

Very truly,
J. G. KANTER,
County Road Engineer.

Important New School Laws
A new law of Kentucky changes the manner in which members of the County Board of Education are to be elected in the various counties by providing that each county shall be divided into five districts and a member elected from each district. Under the old law passed in 1920, the five members were elected from the county at large. Another school law is one which provides that all educational institutions participating in the state funds, must make annually a report to the State Board of Education. A change was made in the names of the Eastern and Western Normal Schools in another law, adding to the name the words "And Teachers' College."

Getting Rid Of Scrub
Animals In Nelson County
(By Associated Press)
Bardonia, Ky., May 13—Farmers in this section of the state are making steady progress in eliminating the scrub breeding animals from their herds. C. L. Hill, county agent of Nelson county, says. Nelson county farmers bought nine pure bred sires at the recent sire sale held in Louisville while 25 were purchased.

Week's Weather Guess
Washington, May 13—The weather outlook for the week in the Ohio valley and Tennessee is generally fair and moderate temperatures.

by farmers at the sale last year he added. The animals are expected to yield a big influence in building up herds in this section inasmuch as all of them will be used on herds that are not purebred. Mr. Hill pointed out.

LEXINGTON BOOSTERS COMING THIS WAY

The spring tour of the Lexington Board of Commerce will be routed through central Kentucky and will be conducted Wednesday and Thursday, May 24 and 25, provided a minimum of 25 carloads of business men sign up for the trip. The schedule adopted for the two days' tour is as follows:

Wednesday, May 24—Lexington to Paris, Georgetown, Frankfort, Lawrenceburg, Harrodsburg, Danville (stay over night.)

Thursday, May 25—Danville to Stanford, Lancaster, Berea, Richmond, Lexington.

Instead of arranging speaking engagements at the various points to be visited, the special committee appointed by the board recommended that a supply of identification badges, similar to the ones to be worn by the local delegation, be sent to each city to be visited on the tour and that the neighboring call be converted into an acquaintance meeting and general hand shaking with a band concert in each city.

PAINT LICK WINS FROM MADISON HI

Paint Lick high school won a thrilling ten-inning base ball game from Madison Hi on the Normal field Friday afternoon by a score of 6 to 5. The victory for the visitors was largely responsible to the great pitching of Cornett who relieved Besley in the sixth round. Cornett pitched five innings, not allowing a hit, much less a run. He had good stuff on the ball all the time and the locals could do nothing with his slants.

Besley started the game for Paint Lick holding Madison to nothing for three innings, but they got to him in the fourth and fifth. Three runs were scored by Madison in the fourth and two in the fifth. This finished Besley. With the death of Besley in the box, Madison scoring power went also. Cornett had them eating from his hand.

Paint Lick fought an uphill game and finally won out in the tenth. The visitors scored one run in the fourth, one in sixth, two in the eighth and tied the game in the ninth when they showed another run across. The winning run was scored by Patrick, in the tenth on a wild pitch by Chambers. Loose fielding and failure to rise to the occasion in the pinches were the main reasons for Madison's defeat.

Jones was the bright light in the field for Madison. He handled eleven chances without an error, accepting several difficult ones. Reeves crashed a beautiful three-bagger in the fourth which scored two runs. The drive went to deep right center and Reeves was held to a triple only by fast fielding. Davis did best with the stick for Paint Lick, driving out three hits. Blevins made two hits for Madison. He was the only man to make over one on the Madison nine. Three double plays were made by the locals which helped greatly. One was an unassisted double killing by Reeves.

registration books which become permanent records, are: Date of registration; name and address of registrant; terms of residence in the state, county and precinct; color, age and occupation; party affiliation, sex, apparent weight, apparent height and other means of identification, such as color of hair and eyes; the signature of the voter, attested by the clerk and sheriff of election.

Unlike the old law the clerk of the registration is required to post for ten days prior to the registration written or printed notices furnished by the county clerk in at least six conspicuous places in said precinct, stating time and place of registration, with information contained in such notices as to requirements of the law, that all persons eligible to vote must be duly registered.

Whenever a registered voter changes his or her place of residence from one precinct to another in the same county, or whenever the boundaries of precincts are changed by law, it shall be lawful for such voter to apply in person to the county clerk for a new registration and it shall be the duty of the clerk, who is custodian of the registration book, to register such person in such precinct as provided for and it is made the duty of the clerk to cancel the right of the voter to vote in his former precinct by striking his name from the book from which he was originally registered.

It is made the duty of a voter in removing from one county to another to apply to the county clerk of the county from which he is moving to have his name canceled on the registration book of that county and get from the clerk certificate of that fact. This certificate shall be taken to the registration officers of the county to which he is moving on the next regular registration day and this shall be authority for registering him in the county.

Change in party affiliation may be noted on the registration book by personal application of the voter to the county clerk not less than 60 days preceding the regular election, or primary.

For violation of the law by disturbing or molesting any registration officers in the performance of duties, punishment is fixed at a fine of from \$10 to \$100. Same punishment is fixed for any officer of registration wilfully failing to perform his duties assigned under the law.

When the governing authority for any city or county of either political party casting the highest and next highest number of votes at the preceding election shall desire, it shall be the duty of the county board of election commissioners to purge the polls at that particular precinct and these officials shall not be residents of that particular precinct

desired to be purged. It is necessary to give the name and address of each voter whose right to vote is challenged. Proceedings will then be instituted to try out the right of the voter to vote in the precinct. If the two officers appointed to hear such challenges disagree on any of the challenged voters, it is then referred to the circuit court clerk who submits the case to the circuit judge. The judge decides the right of the voter in the precinct for which the books may have been destroyed. The books may not be taken from the office, except at the regular or primary elections by the officers of these elections or as evidence in court.

False registration by any person, or the obtaining of another person to register wrongfully is punishable under the act by confinement in the county jail for 1 month to 12 months.

Anyone altering or mutilating the registration books or who shall aid in making false or fraudulent entries on them will be punished upon conviction by confinement in the penitentiary 1 to 5 years. He shall also forfeit any office he then holds and shall forever be disqualified from holding office in the state.

Persons attempting to break up the lawful holding of registrations or molest the officers in the proper discharge of their duties may be punished by fine of from \$100 to \$500 and imprisonment from 6 to 12 months in the county jail, or both.

Copies of registration books are to be made by the county clerk and kept safely in his office.

UNION CITY

Prof. A. B. Broadbuss spent Sunday in Lexington.

The 93rd birthday anniversary of Mrs. Dolly McKinney was celebrated last week at the home of her daughter, Mrs. W. N. Reeves in Winchester.

Miss Caroline Broadbuss, assistant principal of Union Hi School, is quite sick at her home at Moberly. Miss Mary Allison, Tribble has charge of her work.

D. C. Berry is visiting friends at LeRoy, Ill.

Popular Misses Louiza and Margaret Rick, of Richmond, are frequent visitors here, their schools in Harlan having been

closed on account of the coal strike.

Miss Audrey Creekmore, of Jellico, Tenn., and Miss Thelma Gillis, of Clay City, are guests of Mrs. L. V. Sharp.

Mrs. Virginia Dellart and Mrs. Betty Dellart of Louisville, were here Tuesday and Wednesday and established a lodge of Royal Neighbors, with 22 charter members, as follows:
